about me

The Journey started in 2012 as a Beatboxer & got an innovative factor added to the art which made me stand as INDIA'S FIRST FLUTE BOXER.

Well the Flute Beatboxing act is something that the audience went WOW about and that pushed me to bigger stages and international recognition . Having the factor of innovation in music I also have another act called Harmonica Beatboxing added to my performance list.

about me

Thriving to achieve something more and innovative as a musician I have enhanced my skills with Hindustani Classical Music and continue to perform with all my heart at any stage.

I draft my act according to the clients requirements, but here is what i perform -

Beatboxing.

Fluteboxing.

Harmonica Beatboxing.

Flute - Classical Fusion.

Hindustani Classical.

I am happy to blend in any shape if it makes sense musically to jam or collaborate with other artists.
